Education

Case Western Reserve University **Aug. 2024 – May 2028**

Bachelor of Arts in Computer Science — Minor in Business Management and French *Cleveland, Ohio*

Posse Full Tuition Leadership Scholarship (2024–2028)

Relevant Coursework: CSDS 132 Programming in Java; CSDS 233 Introduction to Data Structures; CSDS 281 Logic and Design; Calculus I & II; Foundations of Accounting I; French 101 & 201; Principles of Microeconomics; Contemporary Business and Communication; Creativity in Design and Business; Discrete Mathematics; Introduction to Data Science Systems; Full Stack Web Development; Managing Negotiations

Experience

Posse Foundation **February 2025 – April 2025**

Social Media Manager *Cleveland, Ohio*

- Directed media coverage for the annual retreat (70 attendees), capturing 300+ photos and videos to populate a 3-month content calendar for the organization's digital channels.
- Coordinated with 13 speakers and organizers to ensure clear audio and video coverage, reducing technical interruptions by over 90% compared to prior year.
- Produced 15 short-form recap videos from 5 hours of raw footage, increasing content accessibility for 200+ alumni and boosting post-event engagement.

Taco Bell **May 2024 – August 2024**

Shift Lead *Dallas, Texas*

- Directed a team of 10 crew members during high-volume windows, increasing order bandwidth by 15% (approx. 20 extra orders/hour) by optimizing prep-line station rotation.
- Managed cash handling, deposits, and inventory counts, consistently maintaining 100% accuracy and reducing food waste by 6% through improved portion control and labeling.
- Handled opening/closing procedures, cash management, inventory checks, and resolved customer issues to ensure smooth store operations.

Projects

TicketDesk **May 2025 – Present**

- Developed a production-deployed IT ticket management platform using React, Node.js, Express.js, and MySQL to streamline issue tracking and resolution workflows.
- Implemented role-based access control and JWT authentication, enabling secure access for administrators and end users.
- Integrated AI-powered ticket summarization using Groq's LLaMA model and built RESTful APIs supporting ticket creation, assignment, and status tracking.

AI Resume Analyzer **April 2025 – Present**

- Engineered an AI-powered resume analysis platform using Retrieval-Augmented Generation (RAG) and vector embeddings to evaluate resumes against job descriptions.
- Developed semantic matching capabilities that identify skill gaps and generate personalized upskilling recommendations for users.
- Implemented document parsing, embedding generation, and similarity search pipelines to improve matching accuracy beyond traditional keyword-based approaches.

Skills

Languages: Java, Python, JavaScript, C/C++, SQL, HTML5/CSS3
Frameworks & Libraries: React, Node.js, Express.js, Tailwind CSS
Tools: Docker, JIRA, Git/GitHub, MySQL, Postman, Visual Studio Code, Excel (PivotTables)

Leadership / Extracurricular

The Brotherhood **September 2024 – Present**

Vice President of Public Relations *Case Western Reserve University*

- Spearheaded event marketing strategy for the Fall semester, increasing average event attendance by 30% (from 45 to 60+ attendees) through targeted cross-channel promotion.
- Negotiated a unified campus calendar with 5 student orgs, preventing 3 major scheduling conflicts and saving an estimated $500 in wasted venue booking fees.
- Plan and execute over 10 successful events by strategically managing outreach across flyers and social media channels to strengthen key skills like teamwork, leadership, and time management.
