Adrien Donfack

adrientdonf@gmail.com LinkedIn Profile GitHub **Fort Worth, TX**

Education

Case Western Reserve University **Aug. 2024 – May 2028**

Bachelor of Arts in Computer Science — Minor in Business Management and French *Cleveland, Ohio*

Awards: Posse Full Tuition Leadership Scholarship (2024–2028)

Relevant Coursework: CSDS 132 Programming in Java; CSDS 233 Introduction to Data Structures; CSDS 281 Logic and Design; Discrete Mathematics; Computer Security; STAT 301; Full Stack Web Development; Calculus I & II

Experience

Mount Sinai **June 2026 – September 2026**

Cybersecurity Operations Analyst Intern *Remote*

- Investigated and triaged security incidents as part of incident response using CrowdStrike Falcon, analyzing host-based security events and endpoint telemetry while documenting findings to support timely resolution.
- Monitored user activity and email traffic with Abnormal AI and Proofpoint, applying anomaly detection to identify suspicious behavior, phishing attempts, and policy violations.

Global Career Accelerator **June 2026 – August 2026**

Web Development Intern *Remote*

- Collaborated with partner companies to design and deploy client-facing web solutions using HTML5, CSS3, JavaScript, and Bootstrap.
- Applied wireframing and AI-assisted development workflows to accelerate prototyping and deliver responsive, production-ready interfaces.

Posse Foundation **February 2025 – April 2025**

Social Media Manager *Cleveland, Ohio*

- Directed media coverage for the annual retreat (70 attendees), producing 15 short-form videos from 5 hours of raw footage to drive post-event engagement across digital channels.
- Managed end-to-end content pipeline for 3-month calendar, coordinating with 13 stakeholders and reducing technical disruptions by 90%.

Projects

L'Oréal Beauty Advisor **August 2026**

- Developed an AI-powered chatbot with Python and OpenAI's API to help users discover L'Oréal products and receive personalized beauty routines.
- Implemented an API security control by routing requests through a Cloudflare Workers proxy, and deployed the front end on GitHub Pages.

AI Resume Analyzer **May 2026 – July 2026**

- Engineered an AI-powered platform using retrieval-augmented generation (RAG) and vector embeddings to semantically match resumes against job descriptions and surface targeted skill gap insights.
- Built end-to-end document parsing, embedding generation, and similarity search data pipelines, outperforming traditional keyword-based matching in accuracy and relevance.

TicketDesk **May 2026 – June 2026**

- Built and deployed a full-stack IT ticket management platform using React, Node.js, Express.js, and MySQL with JWT authentication and role-based access control for secure multi-user workflows.
- Integrated Groq's LLaMA model for AI-powered ticket summarization and developed RESTful APIs for ticket creation, assignment, and real-time status tracking.

Leadership / Extracurricular

The Brotherhood **September 2024 – Present**

Vice President of Public Relations *Case Western Reserve University*

- Spearheaded event marketing strategy for the Fall semester, increasing average event attendance by 30% (from 45 to 60+ attendees) through targeted cross-channel promotion.
- Negotiated a unified campus calendar with 5 student orgs, preventing 3 major scheduling conflicts and saving an estimated $500 in wasted venue booking fees.

Skills

Languages: Java, Python, JavaScript, C/C++, SQL, HTML5/CSS3
Frameworks & Libraries: React, Node.js, Express.js, Tailwind CSS
Tools: Docker, JIRA, Git/GitHub, MySQL, Postman, Visual Studio Code, Excel (PivotTables), OpenAI API, Cloudflare Workers, CrowdStrike Falcon, Abnormal AI, Proofpoint
Security & Detection: Detection Engineering, Incident Response, Threat Modeling, Threat Hunting, Network and Host-Based Security Event Analysis, TCP/IP, Attacker Tactics, Techniques, and Procedures (TTPs), Windows, macOS, and Linux Internals, MITRE ATT&CK, Diamond Model, Anomaly Detection, Data Pipelines
